

Tell us what you think!

Have you received support from this organisation to help you get online or do more on the internet? For example:

Received free mobile data (a SIM card or voucher)

Received a free digital device (a tablet, phone or laptop)

Used Learn My Way to improve your skills

If so, **Good Things Foundation** want to hear your views on the support you've received to do more online. This will help us improve how we support people to use the internet.

Can you help us by completing a **short survey online**? It should take around **5 minutes**.

You can access the survey by typing in the web link below, or by scanning the QR code on your phone.

Or, ask here for a **paper copy** of the survey to complete.

Thank you for your help!
